**CRITERIA FOR MAINTAINING RECIPIENT ELIGIBILITY**

In applying for this scholarship an applicant needs to understand and agree to the following eligibility criteria required to maintain the scholarship.

1. Recipient is required to maintain their academic standing at Norwalk High School from the time of their application through graduation. Official copies of all grade
reports received after submitting the final application must be sent to the Fund within seven (7) calendar days of receipt. The Fund reserves the right to re-evaluate the scholarship award in the event the recipient’s academic performance deteriorates from the cumulative GPA submitted as part of their application.

2. Recipient must enroll as a full-time student in the fall semester following graduation, in a four-year public or private, not for profit U.S. college or university from which the recipient can receive a bachelor's degree.

3. Recipient must remain in good standing in both their home and school communities. As a representative of and spokesperson for Kevin’s Fund, the personal conduct of the recipient is of paramount importance to the Fund. Any conduct by the recipient which can be reasonably judged as harmful or detrimental to the Fund must be immediately reported to the Board of Directors. In the event the recipient loses their good standing, as determined solely by the Fund’s Board of Directors, all scholarship payments will permanently cease. There is no provision for reinstatement of the scholarship. If a recipient loses their good standing and does not notify the Fund of this information on a timely basis, any scholarship payment made by the Fund, because of a delay in notification by the recipient, will be required to be repaid by the recipient.

4. Recipient must cumulatively maintain at least a “B” average, (3.0 on a 4.0 scale), at the end of each academic semester. In the event the recipient fails to achieve the required academic standard for maintaining the scholarship, the Fund will cease scholarship payments. In the event the recipient is able to subsequently restore their academic average to the stated minimum, the recipient may request reinstatement of the scholarship by writing the Scholarship Fund and providing suitable documentation. The Board of Directors, in their sole discretion, may reinstate the recipient’s eligibility and, although not required to, the Fund may determine if it is appropriate to reinstate any scholarship payment withheld because the recipient did not meet the academic criteria for one or more semesters.

5. Recipient is required to provide the Scholarship Fund a written summary of their learning experiences and athletic, arts, community and religious involvements within twenty-one (21) calendar days of the end of all four academic years.

6. Recipient must be on track to earn sufficient credits to graduate within four years. The Board of Directors reserves the right, in their sole discretion, to discontinue payments in the event the recipient will not be able to graduate within four years, withdraws from school, or is not enrolled as a full-time student in any semester.

7. The monetary award provided by Kevin’s Fund may be reduced in the event the aggregate of all scholarships, awards, and non-work-related grants received by the recipient, exceeds 100% of their qualified educational costs (defined as tuition, academic fees, room, and board) for any semester. More detailed information regarding this condition will be provided to the recipient.
8. The Fund’s scholarship payment can only be made to a U.S. college or university and is limited to qualified tuition, academic fees, room, and board for the fall and spring semesters. Room and board charges for recipients who choose to live off campus are qualified only if billed by and payable to the U.S. college or university. Eligible payments for a recipient wishing to study abroad are qualified only if billed by and payable to their U.S. college or university.

9. The Fund is not able to make any scholarship payment without receipt of an official transcript for the prior semester. A recipient, who as a result of choosing to study abroad, is unable to provide the requisite transcript in time for the Fund to make the next semester payment will have the payment deferred until the semester immediately following the receipt of the official transcript.

10. A recipient who enrolls in a college or university on a trimester schedule or a five year graduate degree program should contact the Fund for scholarship payment guidelines.
